Title	URL	Authors	Host item title
Amphilic fatty acid conjugates of pyridylporphyrins in photodynamic therapy of melanoma cell lines		Mušковић, Martina	
Database (fluorescence microscopy) for a manuscript "BODIPY fluorescent dyes for selective staining of intracellular organelles"		Mušковић, Martina; Ratkaj, Ivana	
Dataset of a project: "Preparation of lipid conjugates of pyridylporphyrins, their characterization and photodynamic activity"		Mušковић, Martina; Malatesti, Nela; Ratkaj, Ivana	
Photodynamic Inactivation of Legionella pneumophila Biofilm Formation by Cationic Tetra- and Tripyridylporphyrins in Waters of Different Hardness		Mušковић, Martina; Ćavar, Iva; Lesar, Andrija; Lončarić, Martin; Malatesti, Nela; Gobin, Ivana	
Sinteza i svojstva novih (oksido)piridilporfirina za primjenu u fotodinamičkoj terapiji		Mušковиć, Martina
